ABOUT THE MASTER

THIS CLASS IS ONLY OFFERED AT SELECT TIMES OF THE YEAR

You now have the opportunity to sit under the expert training offered by Aldytha. This course was born out of demand. Having been contacted by numerous students who had completed training elsewhere but felt they lacked sufficient knowledge and skill, Aldytha saw the need to create a unique hands on Master Class that ensured students were given the confidence and capability needed. A firm believer that make-up is a creative art form, and not merely a series of theoretical steps, Aldytha encourages her students to establish their personal style using techniques that she has developed over the years, which guarantee expert results. Aldytha's understanding and interpretation of the face as an exquisite canvas with so many delicate intricate contours and shapes, will inspire you to create your own art on every face your brush touches. The class is intense, bursting with knowledge and skill but relaxed and non-intimidating, creating an environment that allows each student the space to learn and build confidence. The course is taught exclusively by Aldytha. **The course is limited to 8 students per class** ensuring personal attention.
